P&A's Mobile App Adds EZ Scan Eligibility Checker

Use EZ Scan to scan the barcode of any product to see if it's eligible or ineligible under IRS guidelines.

Determining product eligibility just got a little easier thanks to the latest enhancement with P&A's mobile app. Using EZ Scan, participants can scan the barcode of any product to see if it's an eligible or ineligible expense. So, the next time you're at a store and wondering if the products in your cart can be purchased with your P&A Benefits Card – use EZ Scan to see if your items are eligible for purchase.

Follow these easy steps to get our mobile app and try EZ Scan yourself!

Download P&A's Mobile App

If you haven't had the chance to **download our app**, now is the perfect opportunity to try it. There's no cost to users and using the app makes account management so much easier. Go to the **App Store** or **Google Play** and search "P&A Group" to get the app on your phone.

Accessing Your Account

Once you have the app on your phone, log into your account. At the top of the screen you'll see the menu icon – your navigation lifeline. This main panel takes you to wherever you want to go in your account.

Using EZ Scan

1. From the menu tab, select EZ Scan.

2. Scan the product's bar code using the camera on your phone. Make sure there is proper light so the scanner can read the code.

3. EZ Scan will let you know if item is eligible or ineligible. If the scanner reads "not found," then the item is not currently on the SIGIS eligible product list.

Live Chat

Customer Service

If you have a question about EZ Scan or your plan in general, our customer service team is ready to assist. Contact customer service at (800) 688-2611, or chat with a rep online using webchat. For your convenience, extended customer service hours are Monday – Friday, 8:30 am – 10:00 pm ET.
